LOOKING FOR VETERINARY PARTNERS

Over the last 19 years, Spay and Neuter Solutions has been very fortunate to have connected with veterinarians in the community who were willing to provide spay and neuter surgeries at a reduced price for pets of our clients. In the last several years, the need for more clinics to participate in our program has grown. This is an issue that all the animal welfare organizations in Tucson and Pima County are facing.

It is ironic that SNS's ability to raise funds has been remarkable, due to the incredible support of our donors, yet we do not have enough veterinarians who are willing to provide surgeries at a low cost. We are asking you, our cherished donors and supporters, to speak with your vets to see if they are willing to partner with SNS to offer 5-10 low cost spay/neuter surgeries per month. If they express interest, we would love to talk with them about working together.

The willingness of so many people to want to spay/neuter their pets is heartwarming. This is due to the work of so many organizations to raise awareness of the benefits of sterilization. SNS wants to be able to provide as many surgeries as possible. It is only with the increased involvement of the veterinary community that this can happen.

We appreciate your support and we hope to hear from you regarding your contacts with your vets.
